LOCAL.

—W. T. Henry goes to Calgary tomorrow.
—W. Ross, of Star, is in town on Wednesday.
—J. K. Macdonald left yesterday for Regina.
—Dr. Patterson came in on Monday from Winnipeg.
—J. R. Lubbock occupied his new stable on Tuesday.
—H. Belcher, of Westco, was in town during the week.
—Rev. J. Korchiński came in from Westco on Monday.
—Rev. J. R. Matheson left yesterday for Union Lake.
—Sergeant Sweetapple came up from the Fort on Tuesday.
—Rev. A. Forbes, of Fort Saskatchewan, was in town on Tuesday.
—J. B. Butchart returned on Monday from a business trip down the line.
—The police have succeeded in corralling some of the \$100 bill tax.
—Mrs. W. Dickie left on Tuesday to join her husband at Grand View, Man.
—Bishop Pinkham arrived from Chicago with Rev. J. R. Matheson on Tuesday.
—John Ross was down town on Tuesday for the first time since his recent illness.

—Messrs. Watson & Griffin are in the Kootenay disposing of a car of potatoes.
—A. E. Vogeler's team, enjoyed a run down Jasper Avenue on Wednesday. No damage was done.
—W. S. Robertson returned on Tuesday from a two-day's visit to the Conjuror Creek district.
—A grand ball and supper will be given by McDonald's Hall, Ray, on Wednesday evening next.
—R. Lee went to Calgary on Tuesday to represent Edmonton grain men in conference with Prof. Robertson.
—Messrs. Walter & Humberstone have dissolved partnership. Mr. Walter continuing the mill business.
—A. Coghlan contributed \$2 and costs to the public funds on Monday at the suggestion of police magistrate Cowan for overindulgence.
—A. E. Potter conducted a sale of horses, cows, implements and furniture at the auction rooms at 130 P. M. to-morrow.

—Messrs. D. A. Dobbs, J. A. Smart, and R. C. Gibson, landowners from South Dakota, left on Tuesday for Vermilion to look over the country.
—No. 1 of the Edmonton New Century Commercial and Professional Review, edited by H. A. Ferguson, was issued from the Bulletin office on Wednesday.

—About one hundred entries for home-made goods were made at the land office during the month. Several of the entries were made by Galicians and a considerable number by Americans.
—Yesterday W. T. Henry received the sad intelligence of the death of his sister Mrs. T. Jackson which occurred at Calgary on Wednesday. Deceased leaves a husband and several small children.

—Mrs. D. D. Mann, who has been visiting her sister, Mrs. Crosthwaite at Fort Saskatchewan, went south yesterday in Mr. Mann's private car. Mrs. Crosthwaite accompanied her sister on a trip east.
—H. S. Young returned from Lac Ste. Anne on Tuesday after a five days' trip. His note are improving rapidly. Owing to the water in the lake not being cold enough the white fish have been slow in spawning.

—St. Joseph's church on Tuesday morning the wedding took place of Miss Sadie McDonald of Glangary to Mr. J. McLaughlin, now at Father Jan officiating. After a visit at Banff the happy couple will reside in Edmonton.

—Five cars of ties arrived on Friday and Sunday last for the Canadian Northern extension, also a quantity of timber, piles and planking for bridges. All the ties are now at the river and is being hauled to place. The culverts have all been put in.

—F. M. Bray, of the C. P. R., land department, Calgary, came in from Lethbridge on Wednesday evening. Mr. Bray has been on an inspecting tour for several months in the localities along the C. & E. line. He will be in the district for some time, visiting the various settlements.

—At the weekly meeting of the Epworth League of the Methodist church on Monday evening last officers were elected for the ensuing term: W. H. Parsons was elected president; C. W. Mathers, 2nd vice-president; Miss M. Osborne, 2nd vice-president; Miss M. Lockhart, sec-treas; Miss Wilson, organist.

—The sisters of the Edmonton General hospital, tender most sincere thanks to their many kind friends, and particularly to the Ladies Aid Society, who have taken advantage of Rev. Mother Superior's "Silver Jubilee" to give donations of God's poor, utilized for the benefit of the good sisters have always under their gentle care. Within the last few months 129 patients of various nationalities and creeds were treated in the hospital.

—Work on the new school, which has been suspended for some time, will probably be resumed on Monday. A considerable quantity of pressed brick for inside work is now on the ground and a kiln work is now on the ground and will probably be completed burning in a day or two at Little's yard.

—The annual meeting of the shareholders of the Edmonton Electric Lighting & Power Co., will be held in the secretary's office, Nov. 15th.

—Free Press: Mr. Emile Legal, bishop-coadjutor of the diocese of St. Albert, N. W. T., has arrived in Montreal to aid the Rev. Fathers Lacombe and Therrien in their mission throughout the province of Quebec.

—The mayor and council have been invited to participate in the parade on Sunday on the occasion of the placing of the Byrnes memorial tablet in All Saints church. A cordial invitation is also extended to all ex-Canadian militiamen and all ex-members of royal forces to join the parade.

—The immigrants arriving during the week were: D. A. Dobbs, Julius Carson, Oklahoma; B. Temple, R. Rinz, North Dakota; T. Cope, S. D.; R. Smart, Idaho; A. Nelson, Oregon; R. Berridge, H. Lyman, J. G. Sutton, Nebraska; R. H. Wick, W. R. Wilson, Minnesota. Parties of these have gone to the Vermilion and the Morrisville districts to look over the country.

—C. W. Mathers is preparing two souvenir albums to be issued early in December. The albums will be uniform in size and will contain twenty pages of views each. The first will be composed of photographs taken by Mr. Mathers during his trip down the Mackenzie. The views of the second will be of a local nature, comprising pictures of buildings in Strathcona and Edmonton and several farm scenes.

—W. S. Robertson has received word from Mr. J. W. Webster, who went some time ago to purchase sheep to sell to farmers in the Edmonton district that he will arrive early in the present month with two hundred well bred ewes and bucks for breeding purposes. These will be sold by auction at the grounds of the Industrial Exhibition association on Nov. 15th, at 1 p.m. The purpose of Mr. Webster is to encourage sheep raising as a necessary industry to the successful establishment of his woolen mill here.

—A very pretty quiet wedding took place at the home of the bride's sister, Mrs. M. Berridge, Rabbit Hills, on Wednesday evening when Miss Etta Magee of Rabbit Hills was united in marriage to Wm. Heigler, formerly of Strathcona now of Edmonton. Rev. Fleming of Strathcona performed the ceremony. Miss Irene Cummer acted as bridesmaid and Fred Magee as groomsmen. Many valuable and useful presents testified to the esteem in which the bride and groom were held. The happy couple will take up their residence in Edmonton.

export, the output of the reserve averaging from 100 to 125 head per year.

Besides ranching each native has a plot on which he farms to a greater or less degree. Oats, barley and wheat are grown of splendid quality, the two former being the grain most grown. The crops this year are the best in the last twelve years. No frost of sufficient strength to injure the wheat was felt, in consequence of which this grain is of an excellent sample. The snow storm which visited nearly all parts of the Territories in August touched the region about the lake very slightly, the fall hardly being sufficient to entitle the event to the name of snow storm. Mr. Matheson is of the opinion that the climate on the average is milder than in other parts of the Northwest and the snow fall less. The soil is lighter than in the Edmonton district, being of a more sandy composition. Root crops of all kinds are grown in abundance.

The buildings on the reserve include those of the Roman Catholic and Anglican missions, the storehouses of the farm instructor, and agent, machinery sheds, etc. The Hudson's Bay Co. have erected a new store during the summer and now have one of the best equipped trading posts to be found anywhere, under the management of Mr. C. M. Garson. A new residence for the farm instructor has also been built during the present year. The houses of the native residents are the well known log shacks, inhabited in winter and evacuated in summer in favor of tents. The buildings of the Roman Catholic mission include a boarding school having somewhat over 50 pupils, nine sisters and two fathers looking after the educational and religious instruction of the pupils. The N. W. M. R. also have a barracks for the accommodation of their detachment.

When Mr. Matheson went to the lake about nine years ago he found a day school conducted with the assistance of a grant of some \$300 from the local government. The work of the school did not appear to him as satisfactory as that of a boarding school might be made and steps were taken for the establishment of this. The small residence for the missionary which had been erected previously by the church missionary society was enlarged to meet the primary needs of the school, and has been enlarged by several additions since until now it measures some 60 feet square, being two stories in height. Besides this main building in which is the dormitory for the female pupils and the house arrangements for the entire school, two other buildings, one three stories in height and the other two stories have been built. A large two story carpenter shop has also been erected. The pupils now in attendance number all between 60 and 70. Sixteen of these are Indian children toward the education of which the Indian department allows \$8 each per year. The grant formerly given by the local government for the support of the public school is also continued, the amount received last year being about \$200. The rapid development of the work is evident and continues yearly. The pupils are drawn mainly from the reserve but none who can plead poverty and need of education are excluded. The children reside in the school, are boarded and clothed by the school and so isolated as far as possible from the conditions surrounding child-life on the reserve.

Since becoming engaged in the work of the school Mrs. Matheson, who acts principal or matron, attended Trinity College, Toronto, and graduated in medicine. Under heretofore the staff of teachers comprises three lady teachers, Miss Phillips, Miss Shaw and Miss Russell. The latter is now leaving the school and two lady teachers, Miss Cunningham and Warren are on route from the east to join the staff. Geo. Young is in charge of the outside work of the school. Three graduates of the school are now attending college, one each at St. John's, Winnipeg, Emmanuel, St. Albert and Wycliffe, Toronto.

The maintenance of this institution is naturally a serious problem. Besides the grant from the Northwest government and the tuition fees received from the Indian department for the education of Indian children, there is no regular source of income save the small salary paid Mr. Matheson. Yet no solicitation on behalf of the school is permitted in any form. Neither does the church contribute in large measure to the clothes and bedding necessary and contributions from one source and another have never failed to keep up the supply. Mr. Matheson makes one or two trips to town each year, taking down supplies for the school in snows. Some idea of the greatness of the undertaking may be formed from the fact that the present shipment of supplies for the year was of about \$3,000 value. Mr. Matheson has great faith in the future of his rapidly expanding work.

Calgary Herald, Oct. 28: R. A. Wallace, M. L. A., of High river, came up from the south on Saturday's train; Mr. Wallace has for the last few years made a practice of growing his own feed on irrigated lands and owing to the employment of improved methods has met with great success in his operations. This year he has raised a great deal of timothy. He states that fall wheat is being sown with the signal success in his portion of the country. Next year he intends sowing at least 100 acres.

THE CANADIAN NORTHERN.

Battleford Herald, October 23.—Engineer Armstrong, of the Canadian Northern Railway, arrived in town yesterday on his way from his proposed junction of that road with the Calgary & Edmonton line to Prince Albert. His special mission was to examine the physical nature of the country between those points, and his decision is that there are no engineering difficulties in the way, and that in all the district traversed he did not see a section of land that should not have a settler on it as soon as it is opened up by railway facilities.

He specially examined many sections generally characterized as being sandy, and found that where they appeared to be sandy it was but for an inch or two on the surface, the rest of digging showing a general depth of fifteen inches of excellent loam. He noticed, too, in all the fields he saw that the soil was heavier than the surrounding surface would seem to indicate. His critical examination of what is known as the Battleford district confirms the reports of all who have written about it since the preliminary survey for the Canadian Pacific railway twenty-five years ago gave promise of opening it up.

Mr. Armstrong goes east to-day, and expects to receive instructions to begin location survey at an early date. Wherever he struck the Saskatchewan he examined into the possibility of effecting a crossing, but no point has as yet been definitely chosen.

BATTLEFORD.

Messrs. Speers, of Eagle Hills, have bought a powerful steam thrasher that will shortly be here. It will be the first of the kind in the district.

The following contracts for police supplies have been let: Oats, to Price Bros., for this post at 27c, and 31c, respectively for immediate and spring delivery; and — Hutchings, — Saskatoon. A. J. Pronquas has the potatoes at 50c a bushel.

Presbyterians: Threshing has commenced here and the yield is entirely satisfactory, very little of the grain being injured by the frost. The Seyers Brothers did the first threshing this season. Railway matters are becoming more lively every day. Engineer Armstrong, in the employ of the Canadian Northern, is at present examining the river between here and Big Gully Creek with the view of finding the most suitable place to bridge the river. Apparently the intention is to cross from the north to the south side somewhere in this vicinity.

RAIL AT FORT SASKATCHEWAN.

The Fort Saskatchewan quadrille club gave their first ball of the season Monday evening. The club have arranged to give a ball every three weeks during the winter, arranging the dates to alternate with the balls in Edmonton.

The first event of the series was a successful one. The assembly was held in the commodious room of the N. W. M. P. barracks. Mr. Verbarf presided at the piano. The following couples were present: Mrs. J. H. Morris, Mrs. Dr. Johnson, Miss Sheppard, Miss Gouin, Miss Melod, Miss Young, Miss E. Johnson, Miss N. Alanson and Messrs. Jardine, Sutherland, Alloway, Campbell, Dr. Till and R. Robertson. Refreshments were served during the evening and the gathering broke up at an early hour after a most enjoyable evening.

SPRUCE GROVE.

Brushing is in full swing now. Mr. McPherson moved his outfit from St. Albert last week into the Glory Hills district.

Mr. and Mrs. Lamoureux arrived from Dakota last week and are settling on their homestead, five miles south of Stony Plain Centre store. Mrs. Lamoureux has been quite ill since her arrival.

Warden district are expecting a number from the east in a few weeks to take Mr. Clement's position, who has recently resigned.

ANSWERS.

In the Bulletin of 7th October. I found an article under the title of "Observations," in which the author supposes Galician girls very low, and which makes many of the Galicians feel sorry. Because not all Galicians are as bad as the tries to make out, as a Galician, will answer for the poor girls of my country.

I have heard from many housewives that the Galician girls are the best they ever had in their employ. But the author of the said article does not find it so. That shows that the housewives who have them for servants must be very hard on the girls, because I know that if a Galician gets a good place she will keep it for a long time. Now the author must always have engaged a girl who came from the Old Country, because girls living in town will not go to her or her sister the place until she can find a better one.

As to their eating jams and sweets can believe that they are like the rest of the human race in this respect. I think that all the other nationalities are not only the Galicians are fond of these things and are apt to eat them when opportunity offers.

JOHN LETAWSKY.

The anthrax scare in the Northwest is completely over, says Dr. Duncan MacEachran. A flock of sheep belonging to the Canadian Land and Ranch Company was attacked at Swift Current, N. W. T., and numbered 15,000, but only 2,500 head were lost, the rest being inoculated with "bacter anthrax vaccine very successfully. As the prairie has been burned over and other measures taken, all danger of another outbreak may be considered over.-Calgary Herald.

POLICE COURT.

For overindulgence, A. Jones was fined \$1.00 and costs by P. M. Cowin yesterday.

Three juvenile offenders, were corralled by the police on Wednesday evening under the influence of liquor and appeared before P.M. Cowin yesterday when two were remanded until to-day, the third being detained until the 7th.

THE N. W. M. P.

The farewell address of His Royal Highness the Duke of Cornwall and York contains the following reference to the Northwest Mounted Police:

"I am especially anxious to record my appreciation of that splendid force, the Northwest Mounted Police. I had the pleasure of inspecting a portion of the corps at Calgary, and was much struck with the smart appearance of both men and horses, and with their general readiness on parade. They furnished escorts throughout our stay in Canada, frequently horsed our carriages, and found the transport, all of which duties were performed with ready willingness and in a highly creditable manner."

LETHBRIDGE.

News, Oct. 24.

The scrip commissioners and staff arrived here Sunday night and have been sitting at the court house since, adjudicating upon the claims for scrip. The applications total about 100. So far 19 scrips have been issued. The commissioner expects to get through the business here about Saturday. Competition for land scrips is keen, from \$210 to \$400 being offered. Half the number of scrips issued were in respect of cases reserved from last year for further evidence. Many claims have been disallowed on account of foreign residence.

Fernie Free Press: A transaction of great importance to the Blairmore district and not without its bearing upon the Crow's Nest Pass entirely, was concluded last week when Mr. Frank Collett, well known in Montana, and more recently in East Kootenay, bonded the McVittie coal areas on behalf of Mr. J. P. Morgan, of New York, and his associates.

Another carload of No. 1 hard wheat will be shipped to Calgary to-morrow by Mr. E. J. Hill.

Mr. J. W. Woolf last Thursday made a shipment of 227 head of cattle gathered in the Cardston district.

It is stated that the Great Northern Railway Co. have made an offer to Messrs. Frank and Gebro for the whole of the output of coal for the next three years. It is understood that the price offered is about \$1.50 for screened coal and \$1.35 for run of mine.

The Lethbridge foundry is again in full blast. From the ruins of the first building has arisen another of larger dimensions and affording more convenience and comfort for the employees.

AS TO TYPHOID.

Typoid fever is not personally contagious. According to Dr. Lockwood, of Bellevue hospital, New York, whose recent work is recognized as being the most authoritative, there are three primary sources of infection:

1st. Direct infection through typhoid infected clothing.

2nd. Contamination of water supply. This is the most general, and until recently was considered almost the sole source of infection.

3rd. From contamination of the food eaten, the typhoid germs being present, milk or other liquid through its being diluted or made with water containing the bacilli. Infection has often been traced to milk cans and other vessels having been washed with water charged with germs of the disease.

REPORTS ON THE WEST.

O. H. Day, who recently made a tour of the West, speaking to a Free Press reporter said:

The country around Edmonton is also progressing rapidly and Mr. Day says it is impossible to estimate the number of settlers who are coming in there all the time from the United States. Many of these are Canadian born who emigrated to the States years ago and are now coming back to take up land under the British flag.

The Canadian Northern will open up a magnificent country when it is completed and will be of immense advantage to the districts already settled in providing transportation and railway competition. In certain districts land has advanced from \$5 to \$10 an acre during the last year and all over the west there are signs of progress and development. This is of a substantial nature with nothing of a boom rush about it.

Mr. Day said that he saw considerable grain out at stocks in certain districts through which he travelled and in many places he visited the farms and had stacked, but improperly, and this necessitated the tearing down of the stack in order that the grain could be dried.

London, Oct. 27.-Reynolds Weekly newspaper is the first British paper to assert that King Edward is suffering from cancer of the throat. In to-day's issue it declared that since His Majesty's accession three operations have been performed for the removal of papilloma on the left vocal cord and that one was removed from the right vocal cord last week.

"Assistance was hastily summoned," says the journal, "as His Majesty was breathing with difficulty and an immediate operation was performed. But it was regarded as only a temporary relief the injured epithelium now having become a cancerous growth and serious developments are expected."

LACOMBE FALL FAIR.

Advertiser.

The eighth annual fall fair under the auspices of the Lacombe agricultural society was held on the 15th inst. Owing to the attack show having been held early in the season, there was not so great an interest evinced in the show of farm produce, etc., as might have been, and we venture to surmise that this is the last time the society will split the fair into two sections for a while. The exhibits of produce, etc., what there were of them, were good, and the ladies deserve great credit for the energy and competition there was amongst them in their entries which were more particularly in their sphere.

TRANSIENT ADVERTISEMENTS.

A Salesman's Story

"Yes sir," this is Stanfield's Unshrinkable underwear, pure wool and guaranteed not to shrink. There are other goods marked "Unshrinkable," "Warranted not to shrink," etc., but they are mostly of foreign make and are either part cotton or do shrink.

"Stanfield's" however, are made entirely from the best Nova Scotia wool, by the Truitt Knitting Mills Co., the largest manufacturers of high-grade knit underwear in Canada; they guarantee them to us, we in turn guarantee them to you in the only way that is worth considering—"Your money back if they shrink." Get the size that fits you and they will outwear any other goods on the market and always be comfortable. More expensive than any other underwear of equal quality, is sold by Dry Goods and Grocers' Furnishing Stores. Ask your dealer for them.

OATS FOR AFRICA.

As a result of the meeting at Calgary on Wednesday between Prof. Robertson, of the department of agriculture, Ottawa, and a deputation of grain dealers from points along the C. & N. line from Edmonton to Okotoks, an arrangement was arrived at whereby by half a million bushels of oats will be taken for the British war department in South Africa, from points along the C. & N. line, to be delivered before December 15th. The arrangement provides for a fixed price to be paid farmers for oats of a certain standard quality. The price is 24c for 34 pounds at railway points and 33c at Edmonton, the difference allowing for cartage to the station. The oats must be well cleaned and must weigh not less than 38 pounds to standard bushel measure. Of course they must be dry, and otherwise in good condition. The oats will be inspected in car lots at Calgary by a government agent, and will be received and finally weighed in Montreal. Shrinkage of weight and dockage for dirt are therefore at the dealer's risk until the oats pass Montreal. Deliveries are to commence at once, and an effort has been made to appertain an amount to each point. Edmonton and Okotoks are expected to supply 250,000 bushels, Leduc and Wetaskiwin 100,000, Lacombe 35,000, and Ponoka, Red Deer and Inuit smaller amounts. The dealers are not bound in any penalty to make delivery, but if the delivery is not made as agreed the sale is lost.

It is very important to every interest that there should be prompt delivery and fair dealing in connection with this arrangement, as Australia and New Zealand have hitherto been the principal sources of supply of oats for South Africa. They are so much nearer, and also being south of the tropics, they have a great advantage over Canada in supplying South Africa. The chance to supply oats at this time occurs because the previous crop of those countries is exhausted and the new crop has not come in. On the other hand, Australia and New Zealand crop of oats begins to come in in January next. Canada's chance of supplying is gone. It is therefore important that the delivery of the full amount should be made promptly, for so far no other adequate and profitable outlet for our surplus crop is in sight.

The delegates to Calgary were: R. Lee, Edmonton; J. McFarlane, Strathcona; D. F. Birkley, Ponoka; B. Currie, Inuit; and a delegate from Okotoks. Mr. McFarlane also represented Wetaskiwin.

The following are the most important clauses of the agreement signed by the dealers in oats in connection with the arrangements to supply oats to the British government for South Africa.

a. The oats to be white, good, clean, unmix, hard, dry, plump and sweet, weighing not less than 38 lbs. to the bushel, in thoroughly safe condition for shipment or storage.

b. The oats to be loaded in bulk in o. b. in suitable and sound railway cars for transportation to the port of export to South Africa.

c. The oats to be delivered and shipped weekly in quantities of about 10,000 bushels every week, and the whole or portion of the amount not shipped before the end of the week when to be shipped, is to be counted as shipped out of this agreement.

d. Oats to be subject to inspection and acceptance by James W. Robertson as to quality at Calgary, N. W. T., and subject to inspection as to quantity in each and every car at Montreal, Quebec.

e. The dealer agrees to pay the farmers who deliver oats at the railway station according to specifications not less than 24c per 34 lbs.

f. No penalty for non-fulfilment of this agreement in respect of shipment to be notified J. W. R., by telegram of non-fulfilment before the end of the week when the shipment was due.

MARKETS.

Beef is fairly plentiful at 21-22c, live weight and 5c dressed. Pork has been scarce for the past week, 5-12c, 6c being paid for live hogs and 7c for dressed. Mutton brings 41-22c live and 6c dressed. The delivery of potatoes has been slower during the last few days and the price may now be quoted at 30c with tendency to 35c. The supply of vegetables about equals the demand, holding the price of turnips at 30c per bushel, and of other vegetables at 40c. Eggs and butter are both scarce. Eggs bring 25c and butter from 15c to 20c. Hay has sold during the week at all prices from \$5 per ton to \$7 per load. A safe quotation is \$6 per ton.

HOSPITAL BELL.

The annual ball in aid of the public hospital was held in Robertson Hall last evening, under the auspices of the Woman's Hospital Aid society. The attendance was good and a most enjoyable time was spent. Tables were spread on the ground floor and thence the guests adjourned at midnight to enjoy refreshments. Mr. V. W. Barclay presided at the piano. A handsome sum was realized in aid of the hospital.

MEMORIAL SERVICE.

The column will form up at 2:30 p. m. Sunday and march to All Saints' church where the memorial tablet to the late Lieut. Chalmers will be placed. The procession forms at the fire hall.

The order of the procession will be as follows:
Fire brigade band.
South African Volunteer's association.

N. W. Mounted Police and ex-members of Mounted Police.
Mayor and council of Edmonton.
Ex-members of the Canadian militia and Imperial forces.

All who have served in Imperial forces or the Canadian militia are invited to attend. Those who served during the rebellion are also invited.

Col. Evans of Winnipeg is expected to come in to-morrow and will have command of the procession.

WINTRY.

Snow is falling to-day and the weather is cold, indicating the beginning of winter. This is unusually early and may be a false alarm, but it is not safe to build on any more warm weather. Wednesday night was the first hard frost of the season. It was not severe enough to stop plowing, but put most of the garden flowers out of business. Threshing is fully half completed, and will be completed in two of three weeks. Good progress has been made with fall plowing. If snow comes now it will aid the early marketing of the crop.
